2024

- Transformation and staged opening of various heritage buildings throughout the precinct
- Queen's Wharf Residences open
- Further restaurants and hotels open
- Construction continues on Queen's Wharf Tower precinct

Queen's Wharf Brisbane

Your integrated resort development

In 2023 Queen's Wharf will commence a staged opening, bringing to life the world-class integrated resort development that will position Brisbane as a tourism, leisure and entertainment destination.

The development will transform the Brisbane CBD and river edge with its stunning subtropical feel and architectural design.

Outdoor dining and entertainment spaces will maximise Brisbane's average 300+ days of sunshine every year, including the iconic Sky Deck at approximately 100 metres above William Street. From hatted dining to pop-up stalls, mixed retail and local artisanal products, the precinct will showcase local fresh produce and Brisbane's friendly, laid-back lifestyle.

Queen's Wharf Brisbane marks the site of the city's first European settlers nearly 200 years ago. The area's many beautiful heritage properties will be revitalised and reactivated, delivering a unique and vibrant development with a blend of historic and contemporary architecture.

From a largely forgotten part of the city, Queen's Wharf Brisbane is transforming Brisbane in the lead up to the 2032 Brisbane Olympic and Paralympic Games.

The \$3.6 billion Queen's Wharf Brisbane development is being delivered by Destination Brisbane Consortium – a joint venture led by The Star Entertainment Group alongside its Hong Kong-based partners, Chow Tai Fook Enterprises and Far East Consortium.
